

The Northern Pomeranian Club Championship Show

Saturday the 26th of March 2022

Judge Miss Jenna Chinn (Midawn)

Firstly, I would like to thank the committee of the Northern Pomeranian Club for their invitation to judge their show. It was a day that I had looked forward to and thoroughly enjoyed and thank you for my lovely present that will always mark a very memorable occasion for me! I would also like to personally thank my three excellent stewards: Julie, Maycel and James.

Thank you to all exhibitors for entering their Poms under me, it was my pleasure to assess them all. I was delighted with my entry and it was a special day that I will always remember.

I assessed some fantastic little Poms and found all dogs to be clean, well presented and have good temperaments. Mouths, breed type and movement on a whole was very good, providing me with some tough classes to judge.

I did find a couple exhibits to have; undershot mouths and dirty teeth, incorrect soft woolly coats and kinks in their tails. I found some Poms to be too short in the leg and not balanced – this is an increasing observation that I have also made from the outside of the ring. A nit-pick of mine is – that I like to see good dual-purpose sized bitches together with meeting the weight standard. How are we supposed to continue the breed with tiny bitches?!

I was very pleased with my main and class winners. All of which met the standard well.
